CampusFind Pro - Copyright Rules and DMCA Takedown Guidelines

1. Intellectual Property Ownership

All source codes, logos, user interface designs, layouts, graphics, database configurations, and portal text are owned by CampusFind Pro. Users are granted a limited license to access the portal solely for university recovery tasks.

2. Copyright and Image Upload Guidelines

- Users must not upload copyrighted images when submitting lost or found reports. Photos should only depict the actual lost property.
- Trademarked logos or branded graphics should only be used as part of description labels to help identify items.

3. Takedown Requests & Counter-Notices

If you believe that any image or text uploaded to the portal infringes on your copyright, you can submit a takedown request to the administrators. Upon verification, the platform will immediately delete the infringing material. Repeat offenders will face temporary or permanent account suspension.
