

Feature Ticket List

CampusFind Pro - Project Task List

1. Development Ticket Overview

The migration checklist and feature additions are structured as follows:

- **[CF-101] MongoDB Atlas Migration:** Transition database layers from local MySQL.
- **[CF-102] Google Callback Sync:** Map avatars to live picture URLs.
- **[CF-103] Brevo Integration:** Redirect system emails to Brevo HTTP REST endpoints.
- **[CF-104] BSON Casting Layer:** Implement automatic query ObjectId mapping.
